

# We can't read the Bible!

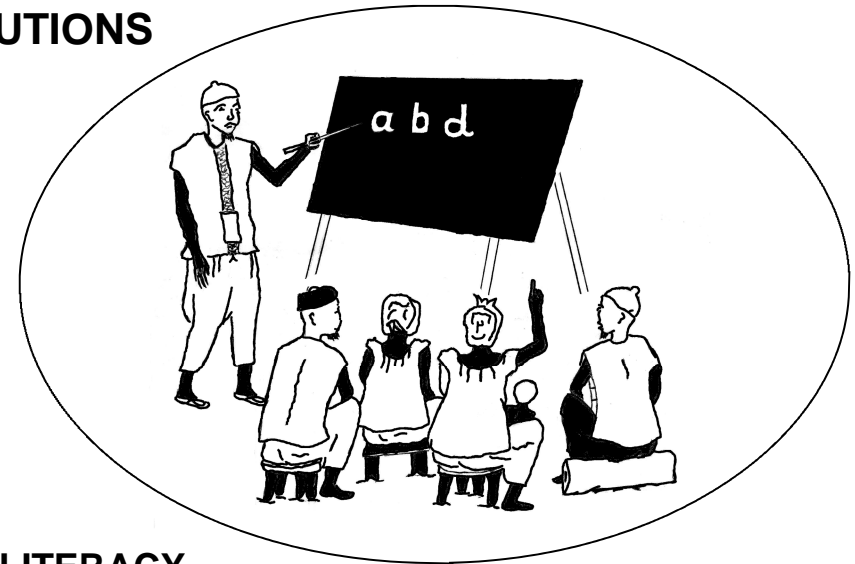

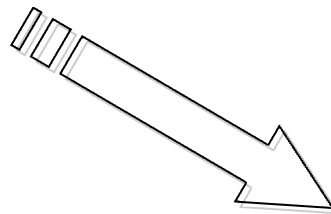

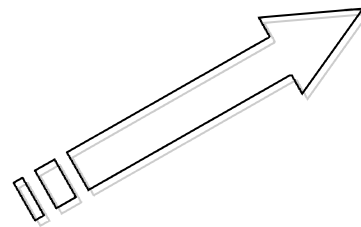

## THE SOLUTIONS

### THE PROBLEM

Help!

Hardly anyone can read the translated Scriptures.

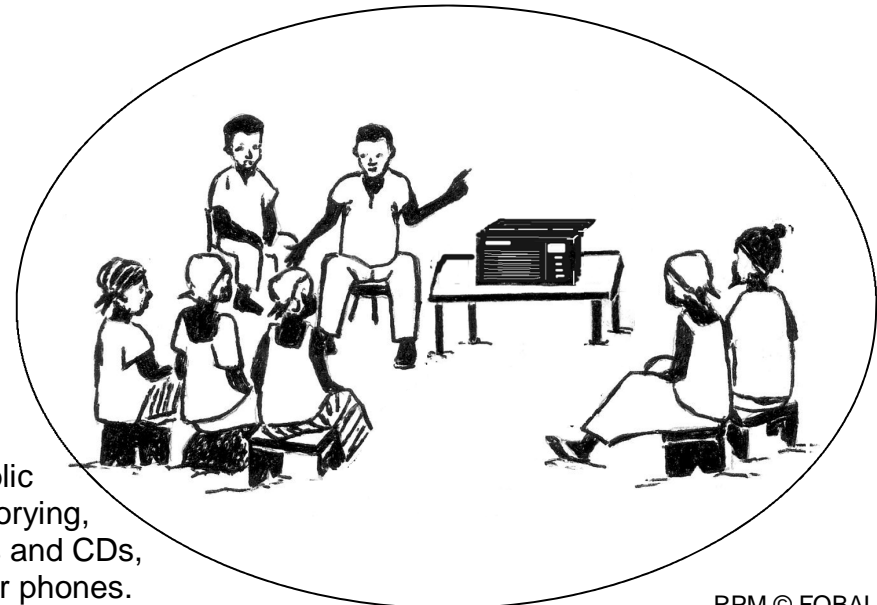

What can we do?

### LITERACY

Transition classes for existing readers, beginners' classes, including Biblical content where possible.

Bible studies that encourage participants to go on reading. Scripture portions for new readers. Teacher training.

### ORAL STRATEGIES

Broadcast on the radio, listening groups, more public reading in church, Bible storying, Scripture songs, cassettes and CDs, videos, MP3 downloads for phones.
